

GRAVITY BUDGETING

A SMARTER WAY TO BUILD, MANAGE, AND PUBLISH YOUR BUDGET

Budgeting should be strategic, not scattered across disconnected spreadsheets and email chains. Gravity centralizes your budgeting process in one secure and collaborative platform that connects every department, automates calculations, and helps you confidently deliver a complete budget.

ONE WORKSPACE FOR EVERY STEP

With Gravity, your team can plan operating budgets and project personnel costs, as well as build capital requests in the same system. Each piece stays connected through a shared data model, so when inputs change, your totals, tables, and narratives update automatically.

WHAT YOU CAN EXPECT

- Use custom forms or templates to collect, review, and approve department budgets in one place
- Build operating, personnel and capital budgets side by side
- Support multiple budgeting methods: incremental, zero-based, and priority-based
- Track every change with full version history and audit trail
- Collaborate in real time with department users and stakeholders
- Align operating and capital planning with ease

DISCLOSURE STUDIO FOR BUDGET BOOK PUBLISHING

Gravity includes everything you need to produce a polished, professional budget book. With live data connected to every chart, table, and narrative, your budget book builds itself. No need for Word, InDesign, or reformatting before council approval or public release.

ERP READY AND FLEXIBLE

Gravity integrates with your ERP or accepts direct file uploads, giving you full control over how data flows into your reports

MDFM: STRUCTURED FOR CHANGE

Gravity's Multidimensional Financial Model keeps every fund, department, and object code in sync. When assumptions change or new accounts are added, the model responds automatically, eliminating rework.

"We finally have a budgeting tool that thinks the way we work. Gravity brought structure and flexibility to a process that used to feel chaotic."
