

LEASE AND SUBSCRIPTION MANAGEMENT

BUILT FOR GASB87 AND GASB96 COMPLIANCE

Managing lease and subscription-based IT agreements does not have to be complex. Gravity provides a centralized solution to help you track every agreement, automate journal entries, and confidently generate disclosures. Whether it's GASB87 for leases or GASB96 for SBITAs, Gravity gives you structure, automation, and clarity across the board.

ALL YOUR AGREEMENTS IN ONE PLACE

Gravity supports lease (GASB87) and SBITA (GASB96) agreements, helping you manage terms, schedules, classifications, and reporting in a shared, structured environment. Every detail stays organized and traceable from initial setup through the audit season.

WHAT YOU CAN EXPECT

- Track leases and SBITAs with purpose-built templates
- Automatically calculate assets, liabilities, amortization, and journal entries
- Generate GASB-compliant disclosures and notes for your ACFR
- Reconcile schedules with actuals and general ledger activity
- Maintain a complete audit trail of edits, approvals, and actions
- Assign roles and responsibilities using structured workflows
- Store amendments and attachments for audit readiness
- Use live dashboards for a complete operational overview

served

“GASB 96 felt overwhelming until we started working in Gravity. Everything we needed to track was already structured. The reporting took care of itself.”

– Accounting Manager,
City of Meridian, ID

UPLOAD-READY REPORTS

Gravity generates structured JE reports that you can upload to your ERP in one click.

MDFM: STRUCTURED FROM START TO FINISH

Every data point in Gravity flows through its Multidimensional Financial Model. Your SBITA entries remain linked to the final statements they support, ensuring your reporting is consistent, traceable, and audit-ready.

**BRING STRUCTURE AND SIMPLICITY
TO YOUR GASB 96 COMPLIANCE**
