GRAVITY
DISCLOSURE STUDIO
AWARD-READY REPORTS. RECORD TIME. ZERO COMPROMISE

THE FUTURE OF DISCLOSURE REPORTING

Disclosure Studio is a report automation solution purpose-built for government finance teams who need to deliver professional, compliant disclosures quickly and confidently.

It is the end of the formatting fire drills or chasing down updates. With Gravity every table, chart, and note stays connected to its source. Reports are built directly within the system with ADA-ready templates, in-app editing, and live previews, producing polished outputs without the need for external tools or consultants.

The result: award-ready disclosures produced in half the time, with every detail accurate, consistent, and audit-ready.

WHY FINANCE TEAMS CHOOSE GRAVITY DISCLOSURE STUDIO

Automation that Speeds Every Step
From schedules to footnotes, linked updates ensure accuracy is automatic and rework disappears.

Simple, Structured Design
Built-in templates lock in ADA compliance and reduce formatting errors, so outputs look professional every time.

85% Faster ACFR Cycles
Teams consistently cut preparation time by up to 85% percent, turning months of work into weeks.

Organized Collaboration
Role-based workflows and permissions keep teams aligned, even during staff transitions.

THE OLD WAY	DISCLOSURE STUDIO
Weeks of Excel chaos	Days of automated workflows
ADA compliance bolted on	ADA compliance built in
Manual GFOA standards check	GFOA AI Checklist
Generate PDF to review	Live preview with in-app editing
Hunt for broken links	Auto-refresh everywhere
Consultant dependency	Full team control
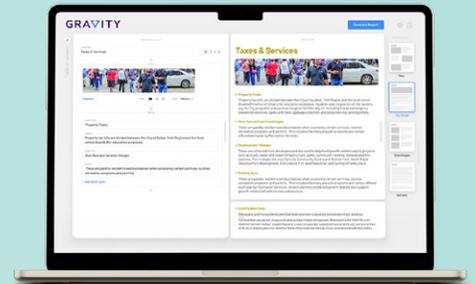

SMART FEATURES THAT SET A NEW STANDARD

ACFR AI Checklist for GFOA
An AI-driven checklist aligns every cycle with GFOA standards, helping your team stay award-ready.

AI Importer
Rebuild last year's report automatically. Start strong with structures created in hours, not weeks.

- **Roll-Forward Templates.**
  Reuse work from prior years instantly
- **Live-linked data.**
  Keep numbers, charts, and tables accurate and connected
- **Expanded Report Types.**
  Budget Books, PAFRs, Quarterly and Monthly Reports, all from the same system
- **Auto Data Refresh.**
  Always current, no manual syncing

- **Excel-like Editing.**
  Familiar flexibility, connected to live data
- **Audit Trail.**
  Track every change, who made it, and when
- **Multi-Tenancy SaaS Design.**
  Secure and scalable for any government team
- **Live Previews.**
  Eliminate endless PDF generation for review. Edit, preview, and publish in one place.

MEASURABLE IMPACT

- **Up to 85% faster** disclosure cycles
- **Significant error reduction** with automated validation
- **Audit-ready confidence** through version tracking and compliance checks
- **Greater self-sufficiency** for finance teams, with less outside support required

BUILT FOR GOVERNMENT.
BACKED BY GRAVITY

Disclosure Studio builds on Gravity's trusted platform, already relied on by cities, counties, school districts, and tribal governments nation-wide. The result: faster preparation, stronger compliance, and reports that strengthen public trust.
